4) Mental Health & Counseling

- 4 Ozark Seniors
  - **Phone:** 417-559-3099
  - **Address:** 22188 Main St. Reeds Spring, MO 65737
  - **Description:** Mental health is an important aspect of our overall health. Unfortunately, there are many different barriers to mental healthcare; some of which vary by community. Through our experience, and research, we have discovered that there are unique difficulties facing Seniors and access to mental health resources. Among these, is stigma. Over the last 50 years, mental health has evolved significantly; however, mental health was once, more a threat than compassionate care. In addition, many of those in Stone and Taney County live in excess of an hour from accessible resources for mental health.

- Charis Group - Stone County
  - **Phone:** 417-294-0088
  - **Description:** Many times, help looks like paying for a deposit or 1st week of rent in a recovery program or connecting them to someone who can. Often there is a small window of timing when someone is willing to seek help and we do everything we can to move during that window of willingness to connect them to recovery services. This includes taking folks to the nearest detox center that has availability. Addiction and drug use is often a symptom of a greater struggle. We believe that recovery is possible by partnering with those in our community who are struggling with the problem of substance abuse. We help individuals struggling with addiction to find freedom in a relationship with Jesus. Recovery Transportation.
  - **Website:** charis-group.org
  - **Eligibility:** Must be located within the service area of Stone or Taney county.

  - **Address:** Hours and locations are varied
  - **Description:** For over 60 years, Al-Anon/Alateen has been offering hope and help to families and friends of alcoholics. Alcoholism is truly a family disease. It is no longer possible to consider alcoholism as a disease affecting only the alcoholic. There is considerable evidence that it has disturbing effects on the personalities of family members, and the family studies indicate that a minimum of one other relative is directly involved. No matter what relationship you have with an alcoholic, whether they are still drinking or not, all who have been affected by someone else's drinking can find solutions that lead to serenity in the Al-Anon/Alateen fellowship.
